Historical Society Announces Capital Campaign

The New Holland Area Historical Society Museum has been a part of the Borough since 2005. The building that houses it is remembered by many as the Kauffman Hardware Building, which dates back to the 1780's. Over the years, the building has also been home to a general store, a tavern, a hotel, and a drug store. The Museum, which is on the second floor, provides space to store and display artifacts, historical data, photos, literature and other memorabilia from New Holland and the surrounding area. The Historical Society has recently been presented with the opportunity to purchase the Kauffman building so the Preserving New Holland Capital Campaign has been announced, with a goal of \$250,000. This amount will allow the Society to purchase the building, and also perform some extensive repair and repointing to the exterior brickwork to help protect the structure.

Please send your donations, payable to "NHAHS", for the Preserving New Holland Capital Campaign to: NHAHS, PO Box 464, New Holland, PA 17557.

The NHAHS is a 501(c)(3) organization, so donations are tax deductible.

Smoke Detectors Save Lives

If you have not done so already, Memorial Day is an easy summer time reminder to check the batteries in your Smoke Detectors. Be sure that the Detectors are in working order; and that they are properly located (at least one on every floor and in each bedroom).
