

# New Holland Borough Update

Volume 3, Number 24

October 1, 2014

[www.newhollandborough.org](http://www.newhollandborough.org)

## *Community Trash Program Recycle Bins to be Replaced*

The smaller green recycle bins currently being used will be replaced directly by the community program hauler Eagle Disposal on Thursday, October 23rd. The new bins are blue and will hold 32 gallons of recyclable materials. For those desiring to keep the green bins for some reason, you should take the bins into your residence that evening. All the other bins will be picked up Friday morning. The new blue bins will make it more convenient to place all allowed recyclable materials in one container.

It has been suggested that those who may still use metal or plastic garbage cans place your address on it, so should it get blown down the street, neighbors can return it.

## *Borough to Again Serve as CFL Drop Off Site*

Following another change at the county level, the Boro will again serve as a drop-off point for used CFL light bulbs. As in the past, Boro residents can again drop off used CFL bulbs at the Boro office during regular office hours.

PPL has initiated a

new program so recycling CFLs is more convenient for homeowners instead of transporting them to Lancaster County Solid Waste Management Authority.

## *Christmas on Main December 6*

A day of old fashioned fun sponsored by the NH Business Assoc. will include Breakfast with Santa, a Christmas farmers market, carriage & hay rides, an ice carving demonstration, music & dance performances. Santa's arrival by fire truck at 5 p.m. and the lighting of the Community Christmas Tree at 7 p.m. Many businesses will be open. All Saturday activities are free. For a complete list of times & events please visit [www.christmasonmain.com](http://www.christmasonmain.com).

## *Cemetery Tour October 11*

The "Voices from the Past" Cemetery Tour presented by the NH Area Historical Society is October 11 from 7 to 9 pm. The tour begins at St. Stephen's Church (parking avail. at the church). Bring a flashlight. Suggested donation is \$6 per person. Please visit the Museum at the Kauffman Bldg. afterwards. Any questions, please contact Mitch Dissinger 354-0858.

Christmas Trash Pick Up: 12/26

Council Meetings—1st Tuesday of  
each month at 7 p.m. in Borough  
Hall. The public is invited.

## Help Avoid Polluting! Stormwater Runoff Reminders

When mowing yards with a bagless mower, try not to blow grass clippings into the street. This can be done by simply making the first few mowing passes with the lawnmower blowing the clippings into the lawn, not the street. If there are clippings on the street, sweep them up so they do not wash into the storm drains. Do not dispose of used motor oil, flushing radiators, pet waste or household cleaning fluids by allowing them to get into the storm drains. Be sure your vehicle has no leaks when parked. Even washing your car on the grass instead of in your driveway can help avoid pollution to our waterways.

### Showcase Landscaping Again Steps Up for Towne Centre Green

Those beautiful grounds and landscaping enhancements you noticed recently at Towne Centre Green continue to be the result of the community service contributions of Showcase Landscaping. Showcase has been the leading force in helping the Green Space become the esthetically pleasing long term downtown open space area originally envisioned.

### Eagle Disposal Acts to Protect Museum Corner

Eagle Disposal has stepped in to help the Historical Society protect the corner of its building at North Railroad and East Main Street. Eagle has donated the large bell shaped bollard installed on the corner. This is a heavy truck use corner and the bollard should help keep the larger trucks from hitting the corner of the building.

### Twin City Longvic News

Are you interested in improving foreign relations? Has your curiosity been aroused by the signs at the east and west ends of New Holland indicating the Borough as a Twin City relationship with Longvic, France?

The Twin City Charter was signed in Sept. 1966 by Mayor Mazue of Longvic and Mayor Willis Houck of New Holland. Formal visitations took place between the two towns in '74, '76, '96 & '98. Numerous exchanges in the form of letters, holiday greeting cards and telephone calls have also taken place in the interim. While some time has lapsed since the last contact, a group of area residents are anxious to determine if there are others who may be interested in revitalizing those ties.

There currently is a citizen of France living in New Holland who is very interested in promoting our friendship with Longvic and they are willing to serve as a link in re-establishing our partnership. Contact Mayor Horning at 575-3148 for more information.

### Pet Owners

Dogs and cats are not allowed to be loose off of an owner's property, and must be cleaned up after when walked. **ATTENTION:** If you are feeding a stray cat, you will be held responsible for that animal and be considered its owner.

### What Can I Recycle?

Plastics 1-7; tin, aluminum & aerosol cans, glass, all cardboard i.e.: food, tissue boxes etc., phone books, **magazines**, junk mail, shredded paper, paperback books & newspapers. Take TVs & computers to the LCSWMA.

### Snow Removal

Snow and/or ice must be removed from sidewalks within 12 hours after a snow fall. Vehicles must be removed from the end of a cul de sac during a snow fall so that plowing may occur.

### Street Lights

If a street light is not working properly, write down the address where the pole is, along with the two sets of pole numbers on the pole and call the Boro Office. We will then contact PPL so they can repair it.

### Boro Office Drop Box

Boro Office Hours are: Mon-Fri, 8 a.m. to 4:30 p.m. There is a drop box for payments next to the front door. If a bill is due on a Friday or over a weekend, be sure it is in the drop box before 7 a.m. Monday morning or it will be delinquent.
