New Holland Borough and Earl Township Taxpayers are reminded that the 2020 Real Estate Tax Base Period has been extended until November 30.

Wastewater Collection Line Project Completed

The project to replace a long section of the original wastewater collection line has been successfully completed. This project ran from the north side of the railroad tracks from Brubaker Avenue, then eastward across Diller, to a cross-over point, southward to Hinkle Drive. With the support and cooperation of the adjoining property owners, the line was able to be removed from the railroad property. This was a major step in maintaining the collection capability of the system.

No work should be done on your structure or property without first contacting the Boro Office to see if a Building Permit is required.
